- Foster a positive and inclusive classroom environment where all students feel valued, respected, and safe.
- Lead morning meetings, facilitate community-building activities and address students' social and emotional needs.

Middle School Mathematics Instruction

- Develop and implement engaging and differentiated lesson plans aligned with 6th-grade math and pre-algebra curriculum standards.
- Utilize a variety of instructional strategies and resources to accommodate diverse learning styles and abilities.
- Provide targeted support and enrichment opportunities to ensure all students can succeed in pre-algebra.
- Assess student understanding through formative and summative assessments and adjust instruction accordingly.

Elective Course Instruction

- Develop course outlines, instructional materials, and instruct two elective classes, ensuring alignment with educational goals and standards.

Classroom Management & Student Support

- Establish and communicate clear expectations for behavior, participation, and academic performance in all classes.
- Implement effective classroom management strategies to maintain a positive and productive learning environment.
- Provide academic support and guidance to students, offering extra help sessions or resources as needed.
- Collaborate with specialists and other staff members to address students' individual needs and challenges.

Communication & Collaboration

- Maintain open and regular communication with students, parents, and colleagues, providing updates on student progress, upcoming events, and school policies.

- Collaborate with other teachers and staff members to integrate homeroom activities, math instruction, and elective courses into a cohesive educational experience.
- Participate in faculty meetings, professional development opportunities, and parent-teacher conferences as required.

Qualifications/Competencies:

- Bachelor's degree in Education, Mathematics, or related field.
- Washington State teaching certification
- Strong understanding of 6th-grade math and pre-algebra curriculum standards and instructional strategies.
- Experience working with middle school students and fostering a supportive learning environment.
- Excellent communication, organizational, and interpersonal skills.
- Ability to collaborate effectively with colleagues, students, and families.

Compensation:

Any offered salary is determined based on internal equity, internal salary ranges, market data, applicant's skills and prior relevant experience, degrees, and certifications. Salary range is between \$55,000 to \$90,000.
